Sustainability

We take our responsibility

^{EN} As a family-owned company, NMC has always been aware of its responsibility for future generations. This awareness for energy efficiency, sustainability and climate protection has meant that every step in the development, production and sale of Noël & Marquet design elements is checked and optimised:

- Energy from our own photovoltaic system and 100% green energy.
- Our own recycling facility ensures nearly 100% recycling of waste.
- Closed water circuits minimize consumption.
- ISO 14001 certification – the international standard for environmental management systems.
- BREEAM product declaration for all products.
- Our skirtingboards have been awarded with the German quality label "Blauer Engel" as low-emission and safe to health products.

Nous agissons de manière responsable

^{FR} En tant qu'entreprise familiale, NMC a toujours agi de façon responsable vis-à-vis des générations futures. Prenant conscience de l'efficacité énergétique, du développement durable et de la protection du climat, nous nous assurons que chaque phase de développement, de production et de distribution des éléments décoratifs Noël & Marquet soit contrôlée et optimisée :

- L'énergie provient de nos propres installations photovoltaïques et est 100 % verte.
- Nous recyclons environ 100 % des déchets de production dans nos propres installations.
- Des circuits fermés réduisent la consommation d'eau au minimum.
- Le groupe est certifié ISO 14001 - la norme internationale en matière de systèmes de gestion environnementale.
- Déclaration de produit BREEAM pour tous les produits.
- Nos plinthes ont obtenu le label environnemental allemand "Blauer Engel" en tant que produits à faible émission et sans danger pour la santé.

www.blauer-engel.de/uz120

Wir übernehmen Verantwortung

^{DE} Als Familienunternehmen war sich NMC immer seiner Verantwortung für zukünftige Generationen bewusst. Und dieses Bewusstsein für Energieeffizienz, Nachhaltigkeit und Klimaschutz führt dazu, dass jeder Schritt in der Entwicklung, Produktion und dem Vertrieb der Noël & Marquet Design Elemente überprüft und optimiert wird:

- Energie aus eigener Photovoltaikanlage und 100% Ökostrom.
- Eigene Recyclinganlage sorgt für nahezu 100% Wiederverwertung der Abfälle.
- Geschlossene Wasserkreisläufe minimieren den Verbrauch.
- ISO 14001 Zertifizierung – die internationale Norm für Umwelt-Managementsysteme.
- BREEAM Produktdeklaration für alle Produkte.
- Unsere Sockelleisten sind mit dem deutschen Qualitätssiegel "Blauer Engel" als emissionsarme und gesundheitlich unbedenkliche Produkte ausgezeichnet worden.

Wij nemen onze verantwoordelijkheid

^{NL} Als familiaal bedrijf heeft NMC er altijd over gewaakt om zijn verantwoordelijkheid te nemen tegenover de toekomstige generaties. Dit streven naar energie-efficiëntie, duurzaamheid en klimaat-bescherming heeft ertoe geleid dat elke stap in de ontwikkeling, productie en distributie van Noël & Marquet designelementen wordt gecontroleerd en geoptimaliseerd:

- De energie is afkomstig van een eigen zonnepaneleninstallatie en 100% groen.
- Afval wordt voor bijna 100% teruggewonnen in de eigen recycling-installatie.
- Gesloten circuits beperken het waterverbruik tot een minimum.
- De groep beschikt over het ISO 14001 - certificaat, de internationale norm inzake milieubeheersystemen.
- Alle producten zijn voorzien van de BREEAM product declaratie.
- Onze plinten werden bekroond met het Duitse kwaliteitslabel "Blauer Engel" omdat het product emissiearm is en de gezondheid niet in gevaar brengt.
